"In the July 1984 Bulletin No. 2, President Camille mentioned that the Association already had over one hundred members. He suggested that each member solicit the membership of another Archambault of his acquaintance. This formula has been repeated several times over the years. It is still relevant today. Ensuring the next generation of members remains a primary objective."

I want to be a member of the Archambault d'Amérique

Please find enclosed my check for \$30 made out to ARCHAMBAULT D'AMÉRIQUE
